Late News Flashes

RUSS OPPOSE LIE
LAKE SUCCESS, Oct. 30.—(UPI)—Russia says it will not consider Trygve Lie as legal secretary-general of the UN if his term is extended beyond its present expiration, Feb. 2. The Soviet took its stand after the Security Council voted seven-to-one against a Russian proposal to postpone action on Lie.

DEATH FOR 609
SEOUL, Oct. 30.—(UPI)—Repulse of Korean military and civil courts have decreed the death penalty for 609 persons for wartime offences since the North Korean invasion June 25.

CHINA REDS ORDER
TAIPEI, Formosa, Oct. 30.—(AP)—Pro-Nationalist reports, labelled "information received from the mainland," said today that Moscow had instructed the Chinese Reds to back down over Korea and not to take openly provocative action in Indo-China.

WAR PSYCHOLOGY
TOKYO, Oct. 30.—(AP)—More than 100,000 leaflets have been dropped by planes and scattered by explosive shells in Korea since the war began as part of the United Nations psychological warfare operation.

TONS OF SMOEL SPLILLS
NORTH HAVEN, Conn., Oct. 30.—(AP)—Tons of smelt spilled into the river from a large truck from New Brunswick overturned today, ruining approximately \$2,000 worth of fish. The driver, Richard L. Cande, 25, of Cocans, N.B., suffered a laceration of the scalp.

SHIP BLAZE OUT
BARROWS IN FURNESS, England, Oct. 30.—(UPI)—A fire in the 20,000-ton liner "Oronsay" is out after burning uncontrolled here today by air for a 24-hour inspection of the 2nd battalion of the Royal 22nd Regiment. The battalion is under orders to leave training camp at nearby Calverley early next month for Fort Lewis, Wash.

UNIT INSPECTED
QUEBEC, Oct. 30.—(UPI)—Brig. J. M. Rockingham, commander of Canada's special United Nations force, arrived here today by air for a 24-hour inspection of the 2nd battalion of the Royal 22nd Regiment. The battalion is under orders to leave training camp at nearby Calverley early next month for Fort Lewis, Wash.

SOVIET CHALLENGED
LAKE SUCCESS, N.Y., Oct. 30.—(UPI)—L. B. Pearson today challenged Russia to help remove western fears of Soviet policy by participating in United Nations special agencies and allowing foreign peoples to hear the truth about the west.

135 Golfers Seek 50 Tourney Spots
PINEHURST, N.C., Oct. 30.—(UPI)—A field of 135 set out today in chase of 50 places in the North and South Open golf tournament which begins tonight.

The qualifiers will join 65 to 70 players who are exempt from qualifying.
Sammy Sosaad won the tournament last year when he got 274 for the 72 holes, the second best ever recorded on 6,592-yard course.

\$14 Million Bet At Rockingham
CONCORD, New Hampshire.—(UPI)—Fans bet \$14,000,000 during the first 24 days of the fall meeting at Rockingham Park, an increase of 11 million over the corresponding 1949 period.
The state's take from the fall meeting has been \$600,000.

O.C. Rugby
LONDON, Oct. 30.—(Reuters)—Today's Rugby Union results:
Northampton & Cardiff 8.

Oil Pipeline Built In Record Time

Last Weld In Line Linking Edmonton With Great Lakes

Western Canadian history was quietly enacted Saturday as the final weld was made on the 1,100-mile oil pipeline connecting Edmonton with the Great Lakes.

There were no bands, no fanfare and no speeches as an unnamed welder put the torch to the steel at Blackberry, Minn., to complete the fastest pipeline building project in history. A total of 1,500 men worked on the \$100,000,000 project.

Throughout its whole length, the line has been completed in less than 150 days. Work started on the Edmonton-Regina link May 1 and was completed when the valve was turned the opening ceremonies Oct. 4. Work on the Regina-Superior section started a month later.

Oil on its way from Regina to Superior was today reported to be flowing at 100,000 barrels a day. The line will provide an immediate outlet for approximately five million barrels of Alberta oil. The line will be contained in giant tanks, the largest of their kind in the world, at the Edmonton and Superior terminals and in the line itself.

Larson May Quit As Boss Of Bombers

WINNIPEG, Oct. 29.—(UPI)—Larson, who brought Bombers in one year from the bottom of the Western Interprovincial Football Union standing to the top, has sold his St. Boniface, Man., home, the paper says in a front-page story.

It is thought that Larson will return to his native United States, although it is known that the latter turned American and it is well known in Regina, the home of the Saskatchewan Roughriders, who were eliminated in the semi-finals of the Western Interprovincial Football Union championship.

Larson, 37, came to Winnipeg from Duluth, Minn., where he had established an outstanding reputation with a junior college team.

Car Fumes Fatal To One

One person is dead and four are in Westsaskatoon hospital as a result of carbon monoxide poisoning near Conjur Lake, 50 miles northwest of Westsaskatoon, last night.

Dead is Ed Maine, 16, of Leduc. In hospital are Edna Maine, 16, of Leduc; Eleanor Heigan, 16, of Leduc; and Eleanor Heigan, 16, of Leduc.

The group was discovered unconscious in their car on a lonely road near Conjur Lake by Mrs. M. Wagner, who was unable to drive past the stalled automobile. When the car failed to start to drive, she called the police.

King Hits Paydirt as Eks Win 24-1

BOUNTING AROUND that last white line for his second touchdown is Mike King, Edmonton Eskimos fullback from Toronto, who helped pave way for 24-1 win at Regina Saturday. On play, King came through hole in short side as Regina Roughrider defenders were faked out of position

to strong section of Eskimo line. Other Eskimos in picture are Morris Bailey (56) and Don Durno, seen in lineup to the right. Roughriders on scene are Del Warden (55), Al Bodine (44) and Jim McNeil (30). Big crowd welcomed Eskimos home Sunday morning.

Miracle Mile Arguments Listed for Bulletin Readers

(The Edmonton Bulletin has made it clear from the start that it is in favor of the Detweiler project. But it is fully conscious of its obligations as a newspaper to present all sides of any question. This is done in the following article, to help readers make a decision on the project. —Editor.)

By ARTHUR ETTER
Bulletin Civic Affairs Reporter

For nine months I've been listening to all the arguments for and against the Detweiler City Centre development agreement.

I've sat through all the debates of city council, the public utility commissioners' 12-day public hearing, and had numerous talks with city officials and officers of First New Amsterdam Corporation.

From it all, I've emerged with the definite conviction that we should accept the proposal because it offers Edmonton many improvements the city has long needed, without costing us a cent.

It offers us what everybody—even those who oppose it—agrees is the type of city centre development Edmonton should have to make it a great city.

My opinion is backed by a majority of city council—whom you elect to run the city's business.

It's also backed by Commissioners Hodgson and Menzies, by former University President Dr. Robert Newton, by Edmonton Chamber of Commerce, after then-Dean Andrew Stewart (now University president) did a complete economic survey of the proposal, and by a list of organizations and individuals too long to name.

Here are the main arguments for and against the so-called "Detweiler agreement" which have been advanced by the opposing groups.

FOR
1.—We'll get a badly needed improvement worth an ultimate \$25,000,000, on the only basis it will ever be available from any source. And it won't require outlay of a single dollar of city money.

2.—Tax concessions aren't an issue. The legislature gave Edmonton authority to enter a tax concession arrangement—with ANYONE—for developing the city centre area. Nobody else has come forward with a proposition.

3.—Over the years, it can't possibly cost the city or taxpayer a single extra dollar. Best available estimates are that the city will make money on it.

4.—Competitive business can't possibly be put at a disadvantage through the project's agreement: inclusion of certain clauses in the agreement, see to it.

5.—Total business tax receipts will be increased, because of additional businesses in the project will attract to Edmonton.

BLAND AND BEDDOES COVER GRID GAME

Giving its usual complete coverage of all major sports events, the Bulletin had its cameraman, Eric Bland, and football expert, Dick Beddoes, at Regina Saturday to cover the Eskimo-Roughrider game in pictures and words.

A complete page of pictures of the game will be found on Page 10.

'Twas Eks All The Way In Sudden-Death Game

By DICK BEDDOES
Bulletin Sports Writer

TAYLOR FIELD, Regina, Oct. 30.—Why, it wasn't even close!

For Edmonton Eskimos, with quarterback Lindy Berry picking his plays with the finest possible generalship, wallowed Regina Roughriders in the wind and dust here Saturday afternoon.

The score was 24-1.

As a result, Edmonton won the sudden-death Western Conference semi-final and qualified for a shot at Winnipeg Blue Bombers in the best-of-three final.

Berry spearheaded the crest of an Eskimo cyclone that swept the Riders over the precipice of defeat Saturday, as 8,000 stunned spectators perched down on the dusty plain below.

The Edmonton cyclone couldn't be halted. It was surrounded on occasion, but it broke through and kept on going. It travelled like lightning, which averaged 42 miles an hour, at times blowing up in gusts of 58 mph.

Rudin Frasier, the best end in the west right now, scored the first Edmonton touchdown. Mike King, who ripped and crashed through the Riders' defence for great ground gains, powered his way to two scores.

Coach Allan Sukkus, who now seems assured of another year at the Edmonton helm, kicked three converts and two well-placed field goals to complete the scoring.

Regina was saved from an ignominious whitewash on Jack Hartman's field goal attempt in the fourth quarter which went for a single point.

Reaches Britain
SOUTHAMPTON, England, Oct. 30.—(UPI)—Lady Alexander, widow of the governor-general of Canada, arrived aboard the liner Queen Elizabeth today for an eight-day visit.

Markets In Brief

NEW YORK, Oct. 29.—(AP)—Perennially quiet undetermined an early stock market rise today and dropped most leaders into losing ground.

Declines ranged from a few cents to about 1/2 point. The session picked up speed on the downside, with transfers running about 2,000,000 shares.

Large selling hit especially at the railroad leaders and at selected stocks and bonds.

MONTREAL, Oct. 30.—(UPI)—Securities moved strongly upward on the Montreal Stock Exchange and Toronto market today and trading was brisk.

The market opened firm and moved steadily higher. Near the close many leaders registered advances ranging to more than a point, but there were some weak spots.

TORONTO, Oct. 30.—(UPI)—Investment closed strongly for the third straight session on the Toronto Stock Exchange today.

The market opened firm and moved steadily higher. Near the close many leaders registered advances ranging to more than a point, but there were some weak spots.

Security Move
TORONTO, Oct. 30.—(UPI)—The Ontario Hydro-Electric Commission is taking security measures against the possibility of sabotage of its hydro plants and substations.

199 CLUBBERS PRESS DRIVE FOR MEMBERS
Associated Canadian Travelers opens in Edmonton today and the 199 Club's backers expect no difficulty in signing up the remaining members.

The club was sparked by famed curler Billy Rose of Selkirk as a means of bolstering the crippled children's fund.

All profits from the big meet go to the club, but curlers fear reduced entries this year will cut profits almost to nothing.

Roughriders End Season On Right Side Financially
REGINA, Oct. 30.—(UPI)—Although Saskatchewan Roughriders finished their grid season on a sour note, losing 24-1 to Edmonton last night, the financial picture is bright.

President Don MacDonell told the Quarterback Club last night that the Roughriders broke even on the season and possibly had a small surplus.

Royal Oath Taken By Crown Prince

Sweden Gets New King Gustaf After Nearly Half-Century

By Gustav Svensson
STOCKHOLM, Oct. 30.—(AP)—Gustaf VI today was proclaimed "King of the Swedes, the Goths and the Wends," the first new ruler to ascend the throne since the death of his grandfather, King Gustaf V, nearly a half-century.

He succeeds his father, 82-year-old King Gustaf V, whose death yesterday morning after a reign of nearly 43 years, plunged the nation into the deepest mourning.

For all practical purposes, the son, born Prince Oscar Frederik Wilhelm Olaf Gustaf Adolf, has been Sweden's monarch since his father's death.

But at colorful ceremonies to take place in the cabinet council room of Stockholm's royal palace, he took the royal oath pledging himself to uphold the constitution and to rule as a righteous king and gracious father of the Swedish people by a legal, just and mild government.

Socialist Premier Tage Erlander led the oath in the presence of his cabinet and Sweden's 12,000 princes, who immediately gave their pledge of allegiance to the new monarch.

The king then formally tendered his government's resignation and the king in turn asked the cabinet to resign.

The king then led a state funeral procession to the great hall of state in the parliament building at Stockholm, where the royal family and members of the royal family and the court awaited.

Thousands of Swedes stood outside the palace in the rain, waiting to see their new king, who will be crowned on Nov. 11.

At 11 p.m. the king and his queen, the late Queen Victoria's daughter, the waiting thousands greeted them with tremendous ovations and cheering handkerchiefs.

SECOND WIFE
The new queen, British-born Louise, is the monarch's second wife. She is a sister of Earl Mountbatten and a great-granddaughter of Queen Victoria.

The new crown prince is a blonde, curly-haired, 26-year-old boy—the late Prince Carl Gustaf's first son. The new ruler's eldest son, who died in a plane crash in 1947.

The body of Gustaf V lay today in Drottningholm palace, where he died. His democratic rule had been one of the longest in Europe and the longest in Swedish history.

He had suffered from chronic rheumatism for several years and last week took a sudden turn for the worse.

The funeral will be held Thursday, Nov. 9. It was officially announced.

DEEP MOURNING
The death of the monarch plunged his country into deepest mourning. Flags were at half-mast. Newspapers were black-bordered. Movies and theatre performances were suspended.

In a few days, the remains will be placed in the chapel of Stockholm's royal palace, where a guard of honor will parade day and night by the closed coffin covered with the royal mantle.

The crown prince will be buried in the royal mausoleum at the old St. Mary's church in Stockholm. He will be the last of the royal family to be buried there.

Sweden's new ruler begins his reign today prepared for his high duties. He often took the role of monarch in all but name during his father's illnesses and absences from the throne.

Swedish newspapers today are full of reports of the king's death. The king's death was a great shock to the Swedish people.

Man Is Hanged Shortly After Saving Brother

GLASGOW, Scotland, Oct. 30.—(UP)—Paul Harris, 38, was hanged today a few hours after saving his brother at least temporarily from the gallows by confessing a street brawl murder for which both had been sentenced to die.

Claude Harris, 30, a curly-haired former paratrooper, pleaded guilty in his Glasgow prison cell to the murder of a man who was hanged and dropped through the trap at 8 a.m.

At least 10 persons were dead and missing as a result of the storm and floods that have lashed the Pacific coast since the middle of last week, and another 2,000 were homeless.

Portland, Ore., Oct. 30.—(UP)—Hain-mountain river, fed by five days of torrential rains, overflowed its banks in Oregon and northern California today, forcing thousands to flee their homes and isolating scores of towns.

At least 1,000 persons were homeless in Douglas county and another 1,000 persons were homeless in the Eugene area, the Red Cross reported.

The Willamette, Coquille, Umpqua, Rogue and Santiam rivers were still rising. Those rivers earlier swept their banks at dozens of points, flooding hundreds of homes.

Near Eugene, the communities of Glenwood and Riverwood were completely under water. The Willamette river was 16 feet yesterday afternoon, four feet above flood stage.

A three-foot wall of water isolated Grants Pass where the Rogue river was four feet over the flood stage. Roseburg, a city of 11,000, was cut off and families were being evacuated from the stricken town.

The two men were given the suspended terms for their own recalcitrance. Magistrate Main stressed the fact that shopbreaking was a serious offense and gave the two a fine of \$100 each.

Conservators in Montana are expected to be about 22,000,000,000 tons.

Rev. J. Edgar Bailey of the First Baptist Church in the city asked that the two be given "a chance to start over again" and stated that he would do all in his power to help them to a fresh start.

Chinese Reds Help North Korean Push

SEOUL, Oct. 30.—(AP)—Two Red divisions—reported to have moved into North Korea—were reported to have helped the North Korean army to capture the city of Hamhung, far behind the slowing allied advance toward the Manchurian border.

South Korean Republican officers said the counter-attacking force numbered more than 10,000 men and was 30 miles northwest of Hamhung. The Reds were reported well-organized and full of fight.

The enemy force was reported smashing at the flank of the South Korean 28th regiment about 10 miles south of the big Chosin hydroelectric reservoir. The reservoir is about 40 miles south of the Manchurian border.

There still was no indication whether this was considered open intervention by Red China in the Korean war. Other official spokesmen earlier disclosed some of the details.

Racing Driver Dies On Highway

PRESNO, Oct. 30.—(AP)—William C. (Bud) Winick, 48, designer of the Novi special racing automobile that thrilled crowds at Indianapolis speedway, was killed in a highway collision last night. Winick, 48, was driving a 1948 Ford coupe when he collided with a 1948 Ford coupe driven by a 20-year-old man. The collision occurred on a two-lane highway near Indianapolis. Winick was killed instantly. The other man was injured but not seriously.

Winick was a well-known racing driver and designer. He had won several races at the Indianapolis speedway. He was also a designer of the Novi special racing automobile. He was a member of the Indianapolis Motor Club. He was a resident of Indianapolis.

YOU ARE VOTING ON AN AGREEMENT, NOT A PAGE OF PICTURES!

From the very outset, this Association has urged two things, and two things only:

(a) Tax exemption is unfair and unjust. It must, inevitably, place an additional tax burden upon other taxpayers. There is no principle of tax CONGRESSION involved here—the Debtor promoters do not seek a lessening of taxes on provable public service features, they refuse to be subject to property tax at all. Every expert at the Board of Public Utility Commissioners agreed on this point: the extent to which a city grants tax concession or exemption, the burden must be taken up by other taxpayers. Our own city solicitor, Mr. Garride, agreed with this. AND THESE STATEMENTS ARE A MATTER OF RECORD.

(b) The agreement itself gives the promoters far too much leeway in many things: it makes the venture riskiest as far as they are concerned, and the risk is borne by the city, which is the taxpayer.

This association has never

Secretary Given Three-Year Term

Lac La Biche Woman Pleads Guilty To 30 Charges

Pleading guilty to 30 charges of obtaining money with forged cheques, former Lac La Biche school division secretary-treasurer, Yvonne Langevin was sentenced to three years imprisonment today.

Mrs. Langevin, 31, is alleged to have obtained \$23,100 in Lac La Biche school division funds over a five-year period. A total of 360 forged and forged cheques have been laid against her, 30 of which were heard in Supreme Court this morning.

The remaining 337 will be brought against her in the Nov. 29 sitting of Supreme Court. In passing judgment, Chief Justice G. B. O'Connor ordered her to make restitution with her parents of the accused's possessions, whose estimated value is close to \$50,000, already under seizure by the department of education.

USE ADMITTED
The 30 charges heard this morning involved forged cheques totaling \$8,831.40. Mrs. Langevin admitted using them for her own purposes over a five-year period, beginning December, 1945.

Explaining her conduct, defence counsel, Neil Macdonald, K.C., said that Mrs. Langevin saw "a tremendous amount of graft and waste in the building of a new school" and undertaken about 1946 soon after she began her term of office at Lac La Biche.

"She protested to the School Board and they told her to mind her own business," said Mr. Macdonald.

BECOME LARGER
He said she started putting through a number of small accounts to her own credit, charging them to the Lac La Biche School Board, obtaining endorsement of a trustee, then putting them in her own account.

According to Prosecutor J. W. K. Shortreed, the department of education began its first investigation into finances of the division last January.

It found the division's financial statement for 1946 compared with the school loan for Lac La Biche and asked the trustees for an explanation. RCMP was called in.

L. G. Hall, then superintendent of Lac La Biche school division, asked Mrs. Langevin to have the school division's records ready the morning of Feb. 23. That morning there was a fire in the school office which some of the records were destroyed.

Mrs. Langevin was charged with arson in connection with this fire and pleaded not guilty this morning. It will be heard at the Nov. 29 Supreme Court sitting.

The school trustees were later dissatisfied by Mr. Hall. But before leaving, their final official act was to dismiss Mrs. Langevin.

MAYOR ASKS SUPPORT FOR BRIDGE BYLAW

Edmonton's cross-river traffic situation will be a "mess" unless taxpayers approve the \$500,000 High Level bridge conversion by Wednesday.

Mayor Sid Pursons stressed this contention today in a statement strongly urging passage of the bylaw.

"I can't imagine the mess we'll be in if our transit problem isn't solved in the only way possible—through converting the High Level bridge to four-lane traffic and trolley has operation," he said.

"Our consulting bridge engineer, Dr. P. L. Pringle, has told us that if we have a maximum two million dollars to spend on bridges, it should be spent on changing the High Level."

Church Group Meet Here

About 150 delegates to the Christian Education Convention gathered in First Presbyterian Church Saturday night for the last meeting of the two-day convention.

Dr. G. H. Villotte, guest speaker, gave a general talk on the present methods of Christian education. He stated that each church and youth group would have to adopt methods of teaching that would be suitable for their particular organization.

Saturday afternoon, the delegates were divided into various groups for the purpose of panel discussions.

GAVE REPORTS
Each group was headed by a delegate to the recent World Conference and each chairman gave a report of the conference. Group then held a discussion on the report and offered suggestions for various teaching methods.

No definite plans regarding a change of methods were made and it was left up to the separate groups to decide which teaching methods would be used.

Convention was held Friday and Saturday and was open to all group leaders and Sunday school teachers in Northern Alberta.

South Teachers To Hear Casey

Alberta education minister, Hon. Ivan Casey, will address Calgary district teachers at their annual convention Thursday in Calgary.

Also scheduled to attend the Alberta Teachers' Association district convention are Dr. H. E. Smith, dean of the faculty of education at the University of Alberta and Eric Ansley, general secretary of the ATA.

Aluminum plates give Bakery pies that 'Homemade' flavour

An "Inside Story"

1. Roll out aluminum plates and lay them on these same aluminum plates that's why no more "thin-crust" pies.

2. Aluminum plates mean no more "thin-crust" pies. They are the same as the homemade kind.

3. A minimum plates mean no more "thin-crust" pies. They are the same as the homemade kind.

4. No other material is more "feed-friendly" than aluminum. When you see aluminum in the middle of a feed or a drink, there's no "inside story" of purity protected from moisture.

Aluminum is friendly to food!

WORK GOES ON DURING WINTER

Pool Construction crews will continue work on the new provincial administration building this winter.

Plans for concrete slab floors in the eight-story government building are now being installed. Structures will be erected by winter so that work on the interior can continue through the cold weather.

Seven City Firms Exceed 1949 Sale of Bonds

Seven industrial firms in Edmonton have exceeded their 1949 sales in the current Canada Savings Bonds campaign.

This was announced today by Eric M. Duggan, Edmonton public relations officer.

Sales of the 1950 fifth series bonds under the plan brought in 1,000 industrial applications during the year, for a total of \$240,000.

Mr. Duggan said, "Bonds business was also reported in other payroll plan sections, such as armed forces and civil service."

Although payroll sales and new street sales through banks and investment dealers will probably continue until some time next spring, the organizer stated.

Until recently she was active with the Mayfair Golf and Country Club, the Edmonton Skating Club and the Florence Nightingale Auxiliary to the Victorian Order of Nurses, only three of the many clubs she enrolled with while living here.

She is survived by one sister, Mrs. A. W. Ormsby, of 10148-115 street, and a number of nephews and nieces.

Date of funeral service has not yet been announced. Foster and McGarvey, Funeral Directors, are in charge of arrangements.

Mrs. Griest lived at 12916-102 street.

Top Vaudevilian Dies In California

LOS ANGELES, Oct. 30.—(AP)—Harry Usher, 59, a vaudeville headliner for more than 30 years, died Saturday night following a heart attack. Usher collapsed shortly after he and his wife, Frances, appeared in their mid-rehearsal act. It was the same act which set a record run at New York's Palace Theatre in vaudeville's heyday.

Plans are being made to use heat generated in atomic energy piles to heat buildings at Britain's Harwell atomic centre.

Coal Car Hand-Pushing Dispute Idles Miners

LETHBRIDGE, Alta., Oct. 30.—(CP)—Operations at Lethbridge Collieries No. 8 mine stopped today as a simmering dispute about the hand-pushing of coal cars boiled over and more than 300 miners stayed away from work.

Clemens Pitcock, secretary, Local 1302, United Mine Workers of America, said the dispute was decided on the action at a meeting Sunday.

The contract men claim they lose an average of an hour and a half a day by pushing cars when they could be mining coal.

Other miners, working at a daily wage rate, continued to produce around 300 tons of coal a day.

They would all take a little holiday, Pitcock stated.

CLAUDE IN CONTRACT
Dispute arose over a clause in the wage contract stating the pushing of cars to the coal face by miners was to halt when mechanical means were proven economical.

Pitcock stated the company had made no effort to install such a device and the miners are refusing to do a horse out of a job.

Dispute first began a week ago when 83 contract miners — those who have contracted to mine coal to the coal face.

ONE CAR LOADED
They loaded one coal car last Monday morning and have reported for work daily but have not gone

Special Force Men On Leave
About 40 members of Canada's special brigade left Edmonton by plane yesterday on their final leave before joining the United Nations Forces.

The special Trans-Canada Airlines flight carried men for points east of Queen City's outdoor plane will leave municipal airport tomorrow and a third on Thursday.

Choosing a Council

It is not the policy of The Edmonton Bulletin to endorse candidates for civic office.

We do not offer such support because human nature is unpredictable and the range of civic politics, unlike the provincial or federal fields, is so exceedingly and widely varied that a candidate whose views are approved today might lose and tomorrow on some issue we were impelled to oppose.

We do not propose to spend the next two months or six months or even one month apologizing for any candidate for whose election we were even remotely responsible.

Notwithstanding this policy and this fact, we deem it our duty to call attention to the qualifications of certain candidates who recur merit public consideration.

We do not propose to do as the Journals do and heap sickly encomiums on such men as Messrs. Mitchell, Hanna and Clarke who were good boys and voted as the Journal wanted them to do.

But, in our opinion, Aldermen Blisset and Howett represent something very fine and vital in our community.

They are both old-timers, residents of long standing.

They are pioneers in the finest sense of the term.

And yet they have supported vigorously the most progressive moves of council.

Their service is valuable in proving one great truth—that the spirit of the pioneers is not the spirit of reaction, but the spirit of progress. Their actions show that the old-timers of Edmonton are the real forward-looking citizens of this community.

Voters should consider the claim of Carl Berg to election. Carl Berg is a forthright and intelligent man. Moreover, since cordial relationship with labor is vital to Edmonton's growth, the presence of an important labor leader on the council might be desirable to assure a constant and sympathetic accord.

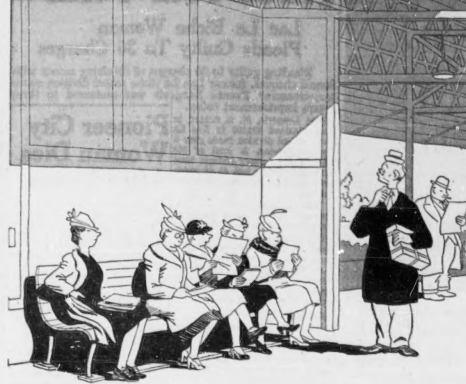

George Linney is another man of unusual ability, whose war record, whose professional experience, whose fine service with the War Services Council should have earned him the special attention of citizens. Retired, he is still a comparatively young man with leisure and capacity to serve the city.

George Gleave, too, has been among the most progressive and active of our citizens.

The Edmonton Bulletin does not endorse the candidacy of these men or any others. We merely call attention to them as starters who should not be overlooked.

The Timid Soul

By Webster

MR. MILQUETOAST HAS TO WAIT AN HOUR FOR HIS TRAIN, BUT HE'S NOT TO TAKE THE ONE VACANT SEAT ON A BENCH FOR FEAR HE MIGHT BE MISTAKEN FOR A WOLF

Town Planning and Miracle Mile

The New Amsterdam agreement has been warmly supported by Town Planner Noel Dant, whose experience and training along his professional line is unsurpassed on this continent.

Both President Andrew Stewart and the Chamber of Commerce have endorsed upon the significance of this support, maintaining that the approval of the Miracle Mile from the viewpoint of town planning is essential to its desirability.

In his report to the city commissioners, Mr. Dant pointed out that while the trend of decentralization in a city is not an unhealthy one, if it is carried too far, it will lead to obsolescence and finally decay and dereliction near and at the centre of gravity of a city.

The underlying purpose of decentralization is stability.

The existing market square, Mr. Dant affirms, presents us with a very undesirable state of instability at the heart of the city.

The city centre project, he claims, by grouping shopping, commercial, professional and parking facilities, will provide the centralizing influence.

There will go before the ratepayers, on Wednesday, 10 money bylaws, nine of which are commendable and worthy of support and one of which is premature.

The expenditures contemplated for the proposed "F" engineer's department and police station enlargement have to do with matters of routine civic development. To support them, the city of Edmonton's growth. To defeat them it is to vote for Edmonton's stagnation.

The Renfrew Park grandstand bylaw is so much an expenditure for a desirable investment. It will create a valuable tourist asset. It will provide fine publicity for the community.

Proposed hospital bylaws represent an expansion that is overdue and which has been

Letters to the Editor

In terms of traffic congestion, the ideal of modern planners is that nobody should regularly park more than one car in a block from his parked car to his objective. The New Amsterdam proposal not only parallels this ideal, it is also possible with regard to merchants in adjacent areas.

The Miracle Mile would undoubtedly give relief, Mr. Dant asserts, to our growing traffic situation.

"In my opinion," Mr. Dant continues, "the New Amsterdam proposal provides just the necessary incentive to revitalize the blighted downtown areas and to offer leadership generally towards a modern and efficient idiom of development and architecture."

"The disposition of the buildings is addressed in relation to one another and to the whole conception. The project would be a credit to the city of Edmonton."

This is the view of Edmonton's town planning expert, charged with the efficient, economical and orderly development of this city.

Is there any advice more worthy of the ratepayers' attention?

Bylaws Good and Bylaws Dangerous

There will go before the ratepayers, on Wednesday, 10 money bylaws, nine of which are commendable and worthy of support and one of which is premature.

The expenditures contemplated for the proposed "F" engineer's department and police station enlargement have to do with matters of routine civic development. To support them, the city of Edmonton's growth. To defeat them it is to vote for Edmonton's stagnation.

The Renfrew Park grandstand bylaw is so much an expenditure for a desirable investment. It will create a valuable tourist asset. It will provide fine publicity for the community.

Proposed hospital bylaws represent an expansion that is overdue and which has been

come absolutely necessary to the health of the city.

The swimming pool bylaw is obviously a crumb of necessity, since the present pools are crowded to the point where the health officer calls them a menace to health.

The proposed bridge reconstruction of the high level bridge should not be voted by the burgesses until a professional traffic survey is conducted and the required amount of bridge is undertaken by the city.

It would be unwise to spend money on a bridge reconstruction or any bridge building until it is definitely established, by a study of the origins and destinations of traffic, just where the bridge will be most urgently required during the course of the next few years.

THEY RING FOR CHING

Giant Canadian Wage Guide Uncle Sam's Wage Controls

Canadian-born Cyrus S. Ching is one of the highest paid executives in the United States government.

Sucking on a pipe, his ivory-grey beard, dressed in a dark suit, seven inches.

President Truman recently appointed him chairman of the new wage stabilization board, a spot not likely to be very lucrative for a man whose huge fees always wears an assumed and happy look.

Probably he has plenty of money. He is the government's most paid man. He will probably need all of it to get through this slapping control on wages.

(Before it went home this year, congress set up an economic program to combat inflation. This calls for an economic stabilization administrator and a wage stabilization board.)

(If price controls are imposed by the government, wage controls will be applied at the same time. Ching will be key man in wage control.)

Born On

The Island Ching was born at Red Point, P.E.I., but didn't like digging potatoes on his father's farm.

At 19 he landed work as a stevedore on a ship. He made his fortune as a buyer for a few-Islander handling firm and later as a stevedore.

And in that job he has had to pour oil on some of the most turbulent waters in Canada—labor-management history.

When labor started, they had to ring for Ching.

—James Marlow.

Smiles

For more than an hour the mild-mannered little man in the dark suit and white shirt, who has been in the cold hostile questioning of the opposing counsel.

"You say," prompted the attorney, "that you have crossed the Atlantic seven times."

"Yes, sir," replied the witness. "And you were born?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

"Then, sir," chuckled the lawyer, "you were born in New York?"

Poor

Taxpayer

Editor, Bulletin: To whom this concerns—and that means everyone who lives in Edmonton! I have just read the circular put out by people who call themselves "The Edmonton Taxpayers' Protective Association." Who are they, who suddenly become so concerned about the poor taxpayer?

We, the taxpayers and for that matter all ultimate consumers of everything produced or shipped to Edmonton, pay all taxes—and as business has ever paid any taxes, all business must pay taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes. It is the price of their goods that they pay the taxes.

Urges

Yea Vote

Editor, Bulletin:—When I was away on vacation last summer I was met by friends and casual acquaintances in Vancouver, Seattle and Calgary, all of whom were truly curious of Edmonton's proposed Dewar Project. There was no doubt in their minds but that we were going to provide it.

I began to feel like a big shot because I was an Edmontonian and we were about to launch the project that was to be the envy of the entire continent.

I could elucidate freely for hours on the merits of the "City Centre" Proposal. I could tell you that the city far extends its so-called liabilities, but you have only to read "Time Magazine," 25 July '48, issue, or more handy than that, you can familiarize yourself with the plan by reading the booklet that was prepared by our "Greater Edmonton Development Committee." I have already heard all the arguments against it and even I am well versed on the subject to be able to prove that these arguments are defective. They just don't hold up in comparison to the proven virtues of the project.

Because the vote is limited to taxpayers, it will be very close. You can be sure the NOs will beat the YESs.

If you have a vote and like myself, know this Project to be a sound and necessary one, then vote YES. It is the only way to get it done. It is the only way to get it done. It is the only way to get it done.

If you have a vote and like myself, know this Project to be a sound and necessary one, then vote YES. It is the only way to get it done. It is the only way to get it done. It is the only way to get it done.

If you have a vote and like myself, know this Project to be a sound and necessary one, then vote YES. It is the only way to get it done. It is the only way to get it done. It is the only way to get it done.

About The New Canadian Theatre

A couple of young theatrical people came to see me the other day, at my invitation, to explain the new "Canadian Theatre."

When I heard their story I thought of a sign a smart business man used to display. It read: "Here's to the dam fool. He didn't know it couldn't be done. So he went right on doing it."

These young enthusiasts may not be such dam fools. Anyway, they are not the dam fool who when they put on their first show, I'll surely be right there in the front row, and as a paying customer, not deadhead.

For their idea is that young Canadians should get a chance to show what they can do in all branches of the living theatre. Not only do they believe that young Canadians should get a chance to act, but also to produce plays, and to write them.

For their idea is that young Canadians should get a chance to show what they can do in all branches of the living theatre. Not only do they believe that young Canadians should get a chance to act, but also to produce plays, and to write them.

For their idea is that young Canadians should get a chance to show what they can do in all branches of the living theatre. Not only do they believe that young Canadians should get a chance to act, but also to produce plays, and to write them.

For their idea is that young Canadians should get a chance to show what they can do in all branches of the living theatre. Not only do they believe that young Canadians should get a chance to act, but also to produce plays, and to write them.

Achievement Day Attracts 130 Juniors

One hundred and thirty young Edmonton district farmers, interested in improving their farming knowledge, attended the Joint Junior Grain Club Achievement Day held in the Stock Pavilion Saturday afternoon.

The Achievement Day, first of its kind, was organized by J. M. Fontaine and H. Whitbread, district agriculturalists, and sponsored by Alberta department of agriculture.

Eleven clubs from four municipalities attended the first "grain fair" for the young farm club members, ranging in age from 12 to 21 years.

ELEVEN FIRSTS
Grain samples from one club did not compete against grain samples of another club, therefore allowing for 11 "firsts," one of each club. Awards ranged from cash prizes of \$5 for best sample produced to consolation prizes of \$1 given to every contestant entered in each club. Second and third winners received \$4 and \$3.

For the first time individual club for the first display ranging from \$15 for first prize to \$45 for fifth prize.

Winterburn Junior Wheat Club of Winterburn was awarded first prize money for a colorful display which featured a miniature plan of the Winterburn farming area and listed the name of each farmer's property.

Busby Junior Grain Club, Busby, took second place honors, Josephburg Junior Wheat Club, Josephburg, third, Federal Junior Grain Club, Federal, fourth, and fifth prize went to the Wapiti Grain Club.

SPEECHES
James Paul, manager of the Edmonton Exhibition, addressed the young people and extended a cordial invitation to all club members to participate in the Edmonton Exhibition with their displays and grain.

Other speakers were R. M. Putnam, assistant deputy minister of agriculture, Norman Macdonald, Alberta Wheat Pool representative; George Black, supervisor of junior agriculturalists; and P. N. H. McLean, cultural representative, Edmonton Exhibition Association.

Judges included Art Wilson, Alberta field crops commissioner; E. Birdsell, department of agriculture and Leo Usher, assistant junior activities supervisor.

Mr. Birdsell also acted as chairman.

WINNERS LISTED
List of prize winners for the best grain samples in each individual club are as follows:

Junior Wheat Club, Beach, second; Lloyd Johnson, second; Ken Ziegler, third; Gerald McLean, fourth; Denver McGinn.

Ben-Accord Junior Grain Club, Ben-Accord; first, Andrew Briggs; second, Elsie Briggs; third, Malcolm McGinn; fourth, Walter Bland.

Busby Junior Grain Club, Busby; first, Bill Grenier; second, George McMillan; third, Barbara Johnson; fourth, Mary Stanton.

Federal Junior Grain Club, Federal; first, Eugene Lukacs; second, Christina Magers; third, W. Dinkus; fourth, P. Magers.

Junior Grain Club, Golden; first, Clarence Henning; second, Arthur Harnett; third, William Barco; fourth, Lillian Dittus.

Waterbury Junior Wheat Club, Waterbury; first, Harvey Wild.

HOLDING TIGHTLY to lucky numbered ticket which Saturday won new 1950 DeSoto sedan in Edmonton Eskimo Rugby Football Club Limerick Contest is Albert "Bert" Whetstone of 9803-73 avenue. Lucky winner remembers purchasing ticket quite some time ago with "last buck left payd."

third, Roy Harris; fourth, Jack Lewis.

Winterburn Junior Grain Club, Winterburn; first, Harvey Wild; second, Barbara Whetstone; third, Harry Appelt; fourth, Audrey Ziegler.

Spring Grove Club, Spring Grove; first, Gerald Oebel; second, Albert Luman; third, James Burns; fourth, Walter Neuman.

Wapiti Junior Club, Wapiti; first, Lucy Zillman; second, Ken Olson; third, Emily Skelton; fourth, Ray Marlow.

Revere Qui Barre Junior Maltin Junior Club, Maltin; first, Oona Borie; second, Melba Borie; third, Harold Borie; fourth, Alexia Quilley.

Josephburg Junior Wheat Club, Josephburg; first, Violet Mohr; second, Ray Ruppel; third, Alice Thomas; fourth, Joseph Underholte.

Fairview Minister Leaves for Ontario
FAIRVIEW, Oct. 30.—Rev. M. E. Webb, minister of St. Helen's Anglican Church for the past four years left this week for his new parish in Bedford, Ont.

Prior to his departure, several farewell gatherings and presentations were given in Mr. Webb's honor at Whitlaw, Hines Creek and Fairview. "Sunday School in Post" workers will conduct services until a new appointment has been made.

Canada Awarded Wheat Increases

International Council Sets Delivery Quotas For Nations

GENEVA, Switzerland, Oct. 30.—(AP)—A substantial increase in Canadian deliveries under the international wheat agreement during the next three years was decided on here last week by the International Wheat Council.

The new quotas of guaranteed sales at maximum prices by the four wheat exporting countries in the agreement were made public Saturday by F. Siegen, under-secretary of the British Ministry of Food and chairman of the Wheat Council.

Adjustments in the quotas for the three remaining crop years provided for a continuous increase in the four-year agreement period in sales by Canada and a corresponding decrease in sales by the United States.

Under the new quota Dominion of Canada will by 1963 contribute 700,000 metric tons more to the world's wheat supply than it did in 1950.

These adjustments resulted from various changes in the membership in the agreement since it was first drawn up. The major change was the belated admission of Germany, whose import quota of 1,800,000 was at first almost entirely supplied by the U.S.

Anderson said that during the first year of operation of the agreement actual transactions under its terms totaled 11,776,000 metric tons of wheat, or 82.3 per cent of the full quantity provided for under the agreement.

There are about 12,000 post offices, urban and rural, in Canada.

Women Have Parcel Sale

MAVERICKTOWN, Oct. 30.—A novel and entertaining evening was enjoyed by more than 30 ladies Wednesday when the United Church Ladies' Aid held their Parcel Post Sale, in the church club rooms.

"It was just like Christmas," said Mrs. R. Thomas, president of the group.

Earlier in the fall the members of the aid had written to friends inviting them to mail parcels, valued around 25 cents, to their friends.

These gifts were sold, eight-stories, to those present on Wednesday evening. Many lovely gifts were received, including two fresh jars of rich country cream.

Parcels were received from Comber, Hinkley, Barbard, Ponks, Rochester, Bridge, Calgary and Edmonton, and from Victoria, B. C., and Vanguard, Sask., as well as from friends in the Mavericktown district.

Hardisty Well
HARDISTY, Oct. 30.—A well to supply water for the town water works is being drilled by Creelman and son of Saskatchewan.

Two carloads of tiling were unloaded this week for the water and sewer projects in the town and it is expected that the digging will commence shortly.

Junior Game Club
OLDS, Oct. 30.—Olds now has a junior fish and game association, with David Hagosin elected as president.

Other officers include: Gerald Moritz, vice-president; Gernel Hamer, secretary-treasurer; and membership, Donald McConnell, Ralph Slottie addressed the meeting and explained the purpose of the group.

Maurice Costello, Films' First Matinee Idol Dies

HOLLYWOOD, Oct. 30.—(AP)—Maurice Costello, 73, matinee idol of the gay 1890's, who later became one of the great lovers of the films in the silent era, died today at Cedars of Lebanon hospital.

Costello had been ill for some time, and was admitted to hospital Oct. 12 because of a heart ailment and complications. Frequent visitors during his last illness were his daughters, Dolores and Helen Costello, the former actresses.

The once famous actor was best known in recent years and lives in obscurity. But in the old days he was a reigning favorite both on Broadway and in Hollywood.

Costello is generally credited with being the first of the great screen idols, the first to receive \$100 a week, and he once put it in the first to show temperment.

He first landed the matinee in 1905, leaving a successful stage career to take a job with the old Vitaphone company at \$10 a week.

ACTORS ANONYMOUS
"I believed that the movies had a future," Costello said. He recalled how movie actors then had to make scenery and do other studio chores. Names were never used. He was billed either as "Curly" or "Dimples."

In 1907, Vitaphone decided to star him by name.

"I agreed," he said, "but with the understanding that I was to perform no chores. I then became known as the first screen player to show signs of temperment."

By 1910, he was in the big money and the "big-up boy" of his era. Women were mad about him and mobbed him every time he made a public appearance. His mail was flooded with marriage proposals.

Snappy Scenes from Smashing Edmonton Eskimo Football Victory

FOOTBALL BALLET features Edmonton's Steve Mendryk (39) and Pete Loughheed (30), and Bob Felling (66), Roughrider wingback. Pass defenders Mendryk and Loughheed blanketed Felling who was the intended receiver on several Regina passes late in the game.

PREPARING TO GREET Regina's Al Bodine (44) is Edmonton's Rollin Prather (62). Prather starred offensively and defensively for the Eskimos, scoring the first touchdown in the 24-1 victory.

TEARING OFF ground gain for Regina is Al Bodine (44), hard-running backfielder from Youngstown, Ohio. Edmonton's Jim Macrae (crouching, centre) prepares to leap at the Regina while Matt Anthony (8) attempts to take the Eskimo out of the play. In background are Eskimos' Dmitri Goloubef (45) and Regina's Jack Hartman (10).

SWEEPING AROUND the end is Bodine (44), who was outstanding in defeat for the Roughriders Saturday. Latching onto the Regina husky is Rollin Prather, lanky Eskimo end who scored the first Edmonton touchdown.

INTO THE DRINK goes coach Annie Stukus following lop-sided triumph in sudden-death semi-final. Giving coach heave-ho into swimming pool are, from left, Dmitri Goloubef, Tom Cleary, Hank Derner (32), Mike King and Don Simon. Line coach Don Durno was tossed into the waters later.

ROUSING RECEPTION was accorded Eskimos when they stepped from their special train yesterday morning. Nearly 2,000 fans turned out to greet the club at the CNR station, with 25-piece band and majorettes leading way. The players, who open the western final against Winnipeg at Clarke Stadium next Saturday, were later driven to their homes by a fleet of cars. Some 90-odd fans accompanied them on their victorious trip to Regina.

Coal Industry Aid Asked At Ottawa

Long-Term Financial Support
Asked By Mines Ministers

OTTAWA, Oct. 30.—(CP)—A delegation of provincial mines ministers today called on the government to provide long-term financial assistance to Canada's coal industry to cover United States competition and the prospects of increased railway haulage rates next year.

Meeting with Trade Minister Howe, the delegation suggested that the government implement a new national coal policy, geared to at least two resolutions adopted at the Victoria conference in mid-September of the provincial mines ministers.

The resolutions:

1. That the federal government grant long-term transportation assistance on an increasing tonnage of Canadian coal moving into the central Canadian market.
2. That financial assistance be granted, sufficient for Canadian shippers to maintain a competitive position with United States shippers in the Canadian market.

CONFERRING WITH HOWE
Conferring with Mr. Howe were these provincial mines ministers: H. C. Macdonald of British Columbia; W. S. Gennell of Ontario; C. D. French of Quebec and A. H. MacKinnon of Nova Scotia.

Sources indicated the delegation was mainly concerned with the position of western coal producers, now faced with the job of finding new markets for coal in the east in view of the appearance of gas and oil as fuel competitors in local areas.

Concern was expressed over the prospect that beginning next April 1, the railways plan to boost the haulage rate on western coal from \$4.40 a ton to a maximum of \$10.00 applicable on shipments to Toronto—and to again increase the rate to \$13.50 a ton on April 1, 1952.

NEXT 10 YEARS
The delegation suggested that for the next 10 years, the government grant financial aid so that freight rates will be less than the \$10.75 per ton, scheduled to go into effect next April.

Mr. Howe gave no indication what action the government may take on the delegations' suggestions.

The delegation was expected to meet with him again tomorrow when Mines Minister N. E. Tanner of Alberta may arrive in this capital.

The Alberta minister, representing a province which is vitally concerned with the proposals, had been expected to join the delegation today, but his plane apparently was grounded by fog in Edmonton and his take-off delayed.

Rents from new low-cost housing construction in Venezuela are exempt from income tax for five years.

FORMER MANAGER OF Scottish Immigrants Aid Society with headquarters in Edmonton, S. Howard Murphy, Toronto, will take charge of Canadian Pacific Railway's department of immigration and colonization at head office, St. Paul, Minn.

GOV'T MAN WILL ATTEND FIRM MEETING

George Clark, director of the provincial government's purchasing agency, will attend the regular board of directors meeting of Prairie Woolen Mills Ltd. in Calgary tomorrow.

Trading activities of the government-operated company of which Mr. Clark is managing director, will be studied at the meeting.

Prairie Woolen Mills Ltd. has operated a mill at Magrath in Southern Alberta since Aug. 1, 1948, under a lease agreement with the provincial treasurer. Operation of the company had twice been assumed by the provincial government.

North Ontario Town Shows Gold Boom

SIoux LOOKOUT, Ont. Oct. 30.—(CP)—For more than 30 years Sioux Lookout has been the jump-off place for mining rushes to the north. Now the northwestern Ontario town has a gold rush in its backyard.

Prospectors who in past years stayed here only long enough to outfit themselves for the hinter-

land have come back to stake picked up properties.

claims—if they can find open ground.

At night, Sioux Lookout streets look like a mining convention. There are mining men—from newly-dressed engineers and promoters to rugged prospectors—seen as far away as Yellowknife, N.W.T., and Quebec.

More than 20 companies have

Mining Recorder T. A. Wood said more than 1,500 claims have been recorded since the rush began last Oct. 1.

You can't get hotel accommodation without many days' notice. All spare rooms in private homes are occupied. Tourist camps are full. Prospects have to queue in restaurants at meal time.

Robert J. McNeill, a geologist,

gold mining is almost solid for 10 years, certain producers are Newlands, Windward and Central Manitoba.

Engineers and geologists say they are convinced there will be at least three producing mines in the area and perhaps more. But they say it is too early yet to give a detailed picture of Sioux Lookout area prospects. The three properties referred to in production.

COLDS

FEEL BETTER FAST!

THESE ARE THE FUTURE CITIZENS OF EDMONTON... THEY HAVE A RIGHT TO BE BORN UNDER PROPER CONDITIONS!

If you were one of the frantic fathers last year who sought for weeks to assure yourself of adequate space for your expectant wife, there will be no need to urge you to vote 'yes' to the hospital money bylaws. But the need for additions and renovations is more than the provision of the desperately needed space. It is vital for the protection of our existing investment. The money provided by these bylaws will bring the Royal Alexandra Hospital completely up-to-date, and will prevent our city hospital from becoming obsolete and good for nothing but scrapping.

VOTE YES TO THESE MONEY BYLAWS

Shall council pass a bylaw creating a debenture debt in the sum of one million, thirty-five thousand dollars for the erection of a new maternity building at the Royal Alexandra Hospital?

Shall council pass a bylaw creating a debenture debt in the sum of one million, two hundred thousand dollars for additions, renovations to the Royal Alexandra Hospital?

Some Royal Alex Equipment Antique

Superintendent Says Bylaws Passage Vital To Hospital

Some pieces of equipment in everyday use at Royal Alexandra hospital are "collectors' items, unique in Canadian hospital equipment today."

That's the opinion of the federal government's inspector of hospitals, cited today by Dr. R. E. Easton, Royal Alexandra superintendent, in an appeal for passage of both hospital bylaws at the all hospital meeting today.

The equipment classed as "antique" consists of porcelain sinks and fixtures in the oldest wing of the hospital, built in 1932. But because of badly overcrowded conditions and the lack of adequate modern equipment, the antiques are still being used every day.

It is to rectify situations like this and to give the hospital a chance to increase its operating efficiency by centralizing various services that passage of the \$120,000 bylaw for hospital renovation, and the \$1,035,000 bylaw for a new maternity wing is essential, Dr. Easton said.

MATERNITY FACILITIES
Three times as many babies were born in Royal Alexandra hospital last year as in the year 1900—her maternity facilities remain the same.

In the past 19 years, increase in patients admitted to the hospital is 60 per cent—but apart from setting up 100 extra beds in sun porches and other space never designed for bed space, its facilities have not increased.

It would be "a calamity" if either money bylaw passed alone and the other were vetoed Wednesday, said Dr. Easton.

That would leave the hospital in an impossible situation. Either it would authorize the hospital board to proceed with construction of a new maternity wing without kitchen, plant and auxiliary services in the main building to carry it.

It would authorize renovation of the present structure by adding service wing to constitute auxiliary services, without relieving the badly overcrowded maternity facilities or providing any more labor or delivery rooms for maternity cases.

"I make the strongest possible recommendation," said Dr. Easton.

Rocky Post Office Gets New Addition
ROCKY MOUNTAIN HOUSE, Oct. 30.—An 18-foot addition is being built to the post office which should be ready for the Christmas rush.

The present post office has served the town and district for 30 years, but recently has been so crowded that it delayed work. W. J. Kirby, who served as postmaster here for 30 years, owns the building, which he built in 1914 when he was able to do all the work in the post office himself. Now there are four full-time employees.

Poland OK's Treaty

Major Appliances, The Bay Basement

TRAGEDY for elderly woman storekeeper resulted from wild ride of unknown truck thief. Truck struck auto and plunged into Old Country Store, 9550-59 street. Damage, amounting to several thousand dollars, is not covered by insurance. Police are seeking thief who was seen running from scene after smash Saturday night. Owner Mrs. Frances Stark and her family were asleep upstairs.

Driver Flees After Truck Smashes Into Store Front

City police today are searching for driver of stolen truck that early yesterday morning crashed into the Old Country Store, 9550-59 street, causing several thousand dollars' damage.

The store owner, Mrs. Frances Stark, 11230 - 34 street, late Saturday night, side-swiped a late model car parked at 9550 - 59 street, then crashed into the store 100 feet south, where it came to a halt after completely demolishing the southeast corner of the building.

The impact forced the corner of the wooden frame building inward about six feet and left groceries, canned goods, shelves and broken glass in a scattered pile three feet high.

No exact estimate of the damage to either groceries or building was given by store-owner Mrs. Frances Stark, except that it would be "several thousand dollars."

Expensive refrigerators, coolers and weight scales were located on the opposite side of the building and were not damaged.

ASLEEP UPSTAIRS
When the accident occurred, shortly after 4 a.m., Mrs. Stark and two of her daughters, Val and Dolores, were asleep in their upstairs bedroom, located above the store, and were awakened by a loud crash that shook the entire building.

"I was awakened by the loud crash and thought a fire had broken the building," Mrs. Stark said. "I rushed to the door and saw the truck smashing into the store. I saw a man jumping over the fence."

Going to Town

Addressing 3,000 happy fans at the CNR station yesterday, Canadian Lumbermen's football coach Annie Skukus declared: "Regina is parva metasta."

Free translation: "Regina is a swell town."

Indian weather prophet says we're in for a long, mild winter. That would be better than a lot of summers we've had.

Elegant Elsie, my favorite waitress, just loves football. I heard Elsie telling somebody yesterday that Annie Skukus wears his wrist watch on the field so that he can kick timely points for the Eskimos.

Just Baby Talk

Edson can claim with pride the citizen who penned the following lines, given over the significant non-de-clause of "The Voice of Experience."

The work has been in business years
And knows each part of entry
He carefully sorts out his wares
For your folk or for gentry.

A boy in Jones, a girl in Smiths,
Assorted tins at Butlers.
A red head here, a blonde one there
A bald one for the Cutlers.

But at DeLong's he paused a bit,
Then scratched his hairy leg lightly.
And said: "For Brian here's a pal
To keep him firm and sprightly."

And for the Pa who writes each day
And dilly dilly out his quill,
He'll better treat his paper well
Or next time he'll get tripped.

Odds and Ends

Coals to Newcastle Item: Ross Manahan of the curling Manahans has about 300 cars in his used car lot at 111 street and Jasper. Saturday Ross was riding around in a taxi.

When is Edmonton going to adopt this delightful system? Canadian Press dispatch of Saturday says Flyers defeated Regina Caps 5-2 before 2,681 PAID FANS.

Hearty hello goes across the ocean blue to PG Ted Keays on Cayuga from Ann, Mom, Bill and the three hopefules.

Message read: Trusting you are O.K. and none the worse for your experiences. Hope to see you in the near future.

A hearty goodnight to all and especially to all the football coaches in Edmonton with Lithuanian names.

'Unholy Alliance' Seen Behind LPP Leaflet

Carl Berg today denounced a Labor-Progressive (Communist) Party leaflet which suggests that he, together with Mayor Sid Parsons, five aldermen and Herbert Turner, are getting something for their support of the Delwiler city centre development agreement.

Air Materiel Chief Here On Inspection

Canada's air officer commanding, Air Marshal R. A. McBurney, will today confer with Air Force officials commanding Northwest Air Command regarding various phases of air equipment needs.

He arrived yesterday by special plane from Calgary on a semi-annual inspection tour of Western Canada. He will meet with Air Marshal C. L. Dunlop, officer commanding Northwest Air Command, and his staff.

While in Edmonton he will discuss the construction, repairs and supplying of various units at the airport. Also under discussion will be the married quarters in northern bases and the supplying of food to northern parts.

"I do not believe there are any great problems at Northwest and today's conference will be just more of a general discussion," he said.

He will also meet with officials of Northern Industries which repairs and overhauls certain RCAF planes.

Serious Fire Loss Averted

Efficiency of the sprinkler system prevented serious damage when a small fire broke out in Hudsons Bay Company store Saturday evening.

Cause of the blaze has not yet been determined.

Heat of the fire burning in a corner of basement, triggered off the sprinkler system, which doused the flames.

Damage was limited a few thousand cleaners and a few other items of merchandise.

CAR BURNS

Slight damage resulted to an automobile in another fire during the week-end.

The car, parked near 101 avenue and 101 street, caught fire while the sitting short-circuited City Police extinguished the blaze.

Pomp Marks Installation of Varsity President

LEADING EDUCATIONISTS attended impressive ceremonies at University of Alberta Saturday marking installation of fifth president, President Andrew Stewart and to witness conferring of honorary and earned degrees. Among those first to congratulate him were Dr. P. J. Nicholson, left, president of National Conference of Canadian Universities, and Dr. N. A. M. MacKenzie, president of University of B.C. Chancellor G. F. McNally, right, officiated at installation ceremony.

Alberta Civil Servants To Make 40-Hr. Work Week Bid

ADVANCE POLL VOTE RECORD IS REPORTED

Edmonton electors Saturday set a new all-time record for use of advance polls. Total of 152 voters cast ballots between 1 and 9 p.m. Saturday, bringing the two-day advance poll grand total to 213, according to City Assessor and Tax Collector John MacDonald.

Previous record advance poll use was in 1929, when 181 electors cast ballots.

Psychiatric Nurses' Group Names Officers

W. J. "Bill" Smith of Edmonton heads the provincial mental institute branch of the recently-chartered Psychiatric Nurses' Association.

The branch was organized recently by one of several which will be formed under the Psychiatric Nurses' Association of Alberta to promote and maintain an "enlightened and progressive standard of psychiatric nursing."

The provincial organization was granted a charter recently by provincial government authorities.

Other officers: President, W. J. Smith; Vice-President, J. Schodolsky; Secretary, J. Schodolsky.

Qualified nurses who hold a diploma in psychiatric nursing and who are registered with the association are eligible for membership in the branch.

Church Fund Hits \$38,100

Contributions to the Robertson United Church Memorial Hall fund yesterday rose to \$38,100 of its \$50,000 objective.

Total receipts of \$12,110 during last week brought the fund from its previous \$26,000 total to the present standing.

The \$50,000 fund is required to complete the \$100,000 hall which is expected to be constructed by spring of 1953.

General secretary of the campaign is Dr. T. G. How.

FORERUNNER OF DEMOCRACY

Human Freedom's First Recognized by Luther

The reformer was the direct forerunner of the democratic form of government.

In Luther's thesis of 1517 and present day belief in human rights was emphasized by Dr. Marcus C. Rieke, youth director of the American Lutheran Church, who addressed the annual reformation rally here yesterday.

Dr. Rieke spoke to a capacity crowd at First Presbyterian Church Sunday afternoon. The rally was sponsored by the Lutheran Church of the Holy Trinity, Lutheran Church of the Holy Spirit, and the Lutheran Church of the Holy Cross.

A massed choir of 125 voices under the direction of Edward G. Rieke, choir director at Trinity Lutheran Church, assisted in the devotional program.

Fundamentals of human rights.

Dr. L. A. Hague, Dentist (University of Alberta) announces the New Location of his Office at 221 Kitchen Bldg. Phone 21037.

Rebirth At Convention

Dr. A. Cairns Gives Talk At Ceremony

A hushed and admiring crowd of University of Alberta graduates, leading educationists and provincial dignitaries heard a vivid word picture of the rebirth of the United Nations Saturday in Convocation Hall.

It was a lively, Alberta, farm boy, a graduate of the University, now general secretary of the International Federation of Agriculture, Andrew Cairns, B.Sc., M.A., who contrasted the bleak doom of the UN a few months ago to its present status.

Dr. Cairns delivered the address at the Fall convocation of the University which honored him Saturday with the honorary degree of Doctor of Laws.

WOMAN HONORED

The honor was shared with Miss Alice Fisher, Ph.D., M.A., formerly an associate professor of the faculty of education at the Calgary branch of the University of Alberta.

Later during the impressive ceremony, more than 200 graduates were presented to the Chancellor, Dr. F. McNally, M.A., LL.D., to receive degrees and diplomas. Another 300 received degrees and diplomas in absentia.

Conferring the honorary degree the Chancellor stated that it was "a fitting recognition of the contribution of the woman to the Canadian womanhood."

Awards of proficiency and high standing in the various faculties were also presented to leading students at the convocation.

"As long as we are on the road to creating machinery to preserve international law and order."

TURNING POINT

Turning point in the UN's history came last week in New York when 50 of the governments of the world adopted a resolution to tolerate the abuse of the veto.

He urged Canada to aid UN efforts by giving both moral and material leadership to the UN effort, and by increasing "the UN's" status of insignificance.

The individual could find his field of endeavor to aid the UN in shaping public opinion in Canada.

WESTERN LUTHERANS OPEN SESSIONS HERE

More than 100 delegates from Manitoba, Saskatchewan and Alberta began their biennial convocation of the Western Lutheran Church here today during the week-end.

The league is the youth arm of the United Lutheran Church of America. West Canada convocation is the 19th annual.

The convention began Sunday morning with communion service at St. John's Lutheran church. Rev. Herbert Herling, of Meadow Lake, officiated and at the evening session, Rev. H. Sells of Inglewood, presided.

PRESIDENT SPEAKS

The Lutheran group's activities are expanding the influence of the church, particularly among young people, stressed by Rev. A. Wikke of Spruce Grove when he addressed the youth rally at St. John's church Sunday evening.

Mr. Wikke is president of the Alberta Lutheran League.

Electors of officers will take place at this afternoon's session and reports of the year's activities will be studied.

The convention will conclude tonight with a banquet at the Grosvenor ballroom at which Rev. J. J. Ross, M.A., St. Paul, will preside and the Lutheran convocation will be the speaker.

Women Today

Sun Valley Honeymoon For Local Newlyweds

Chrysanthemums banked the altar of St. Joseph's Cathedral one morning recently for the wedding of Maureen Margaret, daughter of Mr. and Mrs. J. S. Dier of Ramsey, her husband is son of Mr. and Mrs. J. M. Chabot of Leduc.

Downed in traditional white satin with a misty veil, bride was given in marriage by her father in a ceremony performed by Rev. C. Briere. She carried red roses.

As picturesque ones leaving their honeymoon, bride attended her sister Miss Margaret Chabot, who was carried down the aisle by her father. The bridesmaids were carried down the aisle by their fathers.

Bridegroom was attended by Gerry Berry and Ivan Boudreau, who were carried down the aisle by their fathers.

Reception followed at St. Joseph's. The bride and groom were seated at a table with their parents. The bridesmaids were seated at a table with their fathers.

Mr. and Mrs. Dier, who are now in the honeymoon, will be returning to Ramsey, Minn., where they will reside. The bride and groom will be visiting their parents in Leduc.

June Donnelly Becomes Bride In Vimy Church

VIMY, Oct. 19.—An attractive wedding took place here recently at St. Vincent's Roman Catholic Church when Miss June Donnelly, daughter of Mr. and Mrs. J. M. Donnelly of Leduc, was married to Mr. J. M. Donnelly of Leduc.

June is a beautiful girl, who is now in the honeymoon. She is now in the honeymoon. She is now in the honeymoon.

Given in marriage by her father, the bride was carried down the aisle by her father. The bridesmaids were carried down the aisle by their fathers.

Reception followed at St. Vincent's. The bride and groom were seated at a table with their parents. The bridesmaids were seated at a table with their fathers.

Mr. and Mrs. Donnelly, who are now in the honeymoon, will be returning to Leduc, where they will reside. The bride and groom will be visiting their parents in Leduc.

Reception followed at St. Vincent's. The bride and groom were seated at a table with their parents. The bridesmaids were seated at a table with their fathers.

Mr. and Mrs. Donnelly, who are now in the honeymoon, will be returning to Leduc, where they will reside. The bride and groom will be visiting their parents in Leduc.

Austerity Starch Has Made Change In Feminine Form

LONDON — (AP) — A questionnaire survey is under way to determine whether British women really have put on weight during the past year.

One in every 100 women from Lady's End to John Gorton will be required to fill out a "figure chart" after previous data.

Formerly manufacturers depended on United States reports, but this is no longer the case. It is now possible to get a more accurate picture of the average British woman.

Reports from the government-controlled clothing department will be used to determine the average British woman's weight.

It is quite possible we shall find the shape of women of various heights much different from that assumed, one official said.

—Photo by Kinsey Studio—
University of Alberta student John Warren Irvine was wed recently to Thomas Elizabeth McKenzie at Stettler. Bridegroom's home is in Arras, B.C. Mrs. Irvine is daughter of Mr. and Mrs. R. M. McKenzie of Stettler.

Aid Bazaar To Be Held

Guests of Westmount Presbyterian Ladies Aid will be received at annual bazaar, Wednesday, Oct. 23, at 8 p.m.

To take place in Sunday school room, tea will be served from 2:30 to 5:30 p.m. by Mrs. John Fowles, to a moving train in 1930.

Mrs. Alex Campbell, Mrs. John Edmondson, Mrs. H. Graham, Mrs. H. Bogg and Mrs. Carter, B.C.

In charge of tables are Mrs. C. Hargreaves, Mrs. B. Webster, Mrs. John Clancy, Mrs. James Stephenson, Mrs. Thomas Smith.

Mrs. John Roberts is bazaar co-ordinator.

Mad Scramble in Morning May Be Easily Avoided

Dressing for work each morning is, for many women, a mad scramble for clothes. They select, they reject.

They find a button missing here, a torn lace, a stain somewhere else. They finally emerge in a not-quite-satisfactory costume, feeling as though they'd just run an obstacle course.

This does not necessarily indicate a lack of concern about appearance, but rather, in most cases, a lack of organization.

Busy women find it difficult to remember the details that keep a wardrobe in smooth working order unless they set up some sort of system.

A simple calendar, of the kind that is used in offices, is a great help in such an efficiency campaign. At night, as each garment is removed, its condition should be examined.

If quick facts are indicated before the next wearing, a decision should be made upon the calendar. This might include new veil or hat, new blouse, shoes, fix him on green dress.

USE FREE TIME
When a few free moments present themselves in the evening or on weekends, mending and polishing tasks can be tackled at once with no time lost in similar, expeditious tussling through your closet.

Another helpful trick is to hang wrinkled dresses in need of pressing at one end of your closet. Keep freshly-pressed wearables ones at the other.

When the stock grows slim at the latter end, it is time to spend an evening at the ironing board. This will prevent your getting caught short on a weekday morning.

You can cut clothes costs!

BY WASHING WITH A Westinghouse

Clothes cost money, these days... too much money to have their life shortened by harsh washing methods.

And many modern fabrics, such as rayon, are very easily damaged when wet.

That is just one more reason why so many women are turning to "Cushioned-Action" washing.

"Cushioned-Action," exclusive with Westinghouse, eliminates rubbing and scrubbing, avoids wear and tear on clothes, saves mending and patching... yet is so thorough that everything comes out renewed in texture and with a cleanliness that will gladden your washday.

Your Westinghouse Washer actually pays for itself in clothes saving.

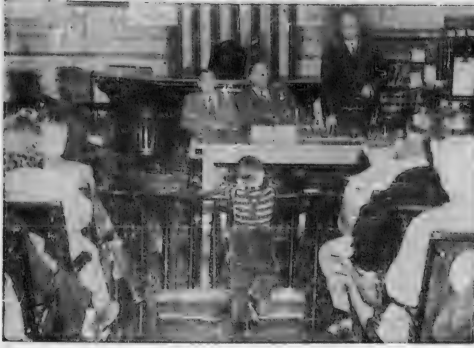

SEE Cushioned Action AT WORK IN YOUR OWN HOME

Your Westinghouse dealer will be glad to demonstrate the new Westinghouse Washer in your own home. See why it's called "Cushioned Action"... how the polished, cushioned bakelite agitator sends powerful water currents surging through the clothes, removing dirt and soil safely, quickly, thoroughly. Your clothes are protected against harmful wear by a cushion "cushion" of cleaning rolls. Other Westinghouse advancements include new "Cushioned-Action" Safety Washer and exclusive "Sensational of Safety."

Model CVP, illustrated, with pump... \$119.50
Terms to suit. Liberal Trade-in on your Old Washer.

You can be SURE if it's Westinghouse.

SPEAKING BEFORE an audience in courthouse at Watseka, Ill., Sen. Scott Lucas, (D, Ill.), senate majority leader, had at least one rapt listener in little boy who sauntered forward to stand at rail. Lucas is campaigning for re-election.

Churchill Says Dieppe Action Was Necessary, Valuable

MONTREAL, Oct. 29.—(CP)—Results of the August, 1942, raid on Dieppe were disappointing and costly, but the operation proved a "mine of experience" and the sacrifice of Canadian troops was "not in vain," in the opinion of Winston Churchill.

The wartime British prime minister's views are set forth in his war history appearing in Montreal Standard, in a section this week devoted to Dieppe.

The raid was primarily a Canadian show. It was 5,000 Canadian troops, some United States Rangers and Royal Marine Commandos and a few Free French troops. All were under Maj.-Gen. J. H. Roberts of Kingston, Ont.

Had weather interfered with the first planned operation—for July 4—and Gen. Montgomery, commander-in-chief of the Southern command, thought the operation should not be remounted as the troops, embarked in the Isle of Wight, had dispersed ashore.

But Churchill considered it "most important that a large-scale operation should take place this summer, and the chief of the Imperial general staff stated that until an operation on that scale was undertaken, no responsible general would take the responsibility of planning for the main invasion."

TIME SHORT

Churchill says that in discussion with Admiral Mountbatten, the chief of combined operations, it became clear that time did not permit of a new large-scale operation during the summer, but Dieppe could be remounted within a month. The code name was changed from Rutter to Jubilee.

No substantial change was suggested beyond substituting commandos for airborne troops to silence coastal batteries. Two more infantry landing ships had become available to carry the commandos. Omission of airborne troops meant that bad weather would not be a top factor.

The Germans had no special warning through leakage, but their general estimate of the threat to the Dieppe sector "led to an intensification of defence measures during periods when moon and tide were favourable for landings."

"The Canadian army in Britain had long been eager and impatient for action and the main part of the landing force was provided by them," says Churchill.

"Looking back, the casualties of this memorable action may seem out of proportion to the results. It would be wrong to judge the episode solely by such a standard. . . . It was a costly but not unprofitable reconnaissance in force. Tactically it was a mine of experience."

Experiments in Manitoba are aimed at processing flax shive, a woody waste material, into briquettes for domestic heating.

France Is In Quandry Over Arming Germans

PARIS, Oct. 30.—(AP)—France looks to high-tempered, hard-driving Defence Minister Jules Moch to pull the country out of the worst diplomatic pickle it has been in since the war.

In Washington to attend the conference of Atlantic Pact members, the 50-year-old Moch is in the hard position of being at least slightly out of step with all the other 11 ministers. The other 11 want a lot of German forces formed to help defend Western Europe against Russia. France doesn't want that, at least not right away.

Moch, in his personal makeup, is somewhat like France on the question. He wants the armistice to be a defence standpoint, Europe must mobilize Germany, in any way it sets up. But Moch can't get that during the war the German Gestapo trapped his son, who was in the Resistance, and shot him.

What is where the clock comes.

Church Starts Leader Course

A five-week leadership training school will be staged in Metropolitan United Church by Alberta College and United Church of Canada beginning this Wednesday.

Designed for church workers and interested laymen, it will consist of five two-hour lectures beginning at 8 p.m. each Wednesday in November.

Courses offered are The Bible and the Christian Religion, Teaching as Jesus Taught, Teaching Methods, The Personal Religious Life and Missions.

What are the basic differences which Moch, who is no diplomat, must try to smooth out?

The American position is that solution of the German problem is the most important before the world today. The West can't talk hard sense to Russia until there is enough military strength to back up the diplomats, right now, Russia can enforce any decision it wants to make by rolling its armies all over Europe. The idea is to build up an army in the West.

Coffee-Hounds Raid City Store

Thieves with a yearning for coffee looted a South Side grocery store of 40 pounds of coffee and 40 pounds of chocolate bars and cigarettes in a raid early this morning.

Edward Vetch, 706-106 street, proprietor of the Sterling Grocery, 1036-42 avenue, reported to police the break-in at 7:25 a.m. this morning. The thieves overtook \$20 in the till.

The goods were valued at \$125. Entry was gained by forcing a rear door.

Blind Campaign Tops \$4,000

Receipts in the Blind Institute's drive for \$20,000 stood at \$4,140 today.

A total of \$275 was turned in over the weekend.

Contributions included \$82 from an Edburg bus day, \$15 from the Canadian Legion in Banbury, \$60 from the IOOF in Ripley and \$50 from the Edison Board of Trade.

CHINA-BOUND SHIP MUST DITCH CARGO

NEW YORK, Oct. 30.—(UP)—The China-bound freighter Flying Cloud steamed toward New York harbor today under federal orders to unload a fusion cargo of lubricant before it heads for Communist China.

A commerce department official said the 10,000-ton Liner vessel must remove a shipment of petroleum jelly known as petroleumum—a potential war material—before it is allowed to sail for the Orient.

The Flying Cloud, on route from Wilmington, Del., was reported scheduled to pick up an additional 20,000 gallons of petroleumum in New York but will be forced to leave it on the deck, too.

Canada Quits Attache Effort

OTTAWA, Oct. 30.—(AP)—After weeks of negotiations, Canada has given up trying to get a new Canadian embassy in Warsaw.

The Canadian embassy in Warsaw, Poland, was disclosed today.

A spokesman for the external affairs department said he was authorized to reply to a reporter's query that, "No Canadian military attaché will be sent to Warsaw—this time."

There was no elaboration, but the inevitable conclusion was that the Poles have refused to accept a Canadian military attaché.

The Poles said they have no right to one in Warsaw. Canada's reply was that Col. Phillips was simply replacing Lt. Col. E. W. Cuthill, who was recalled. The argument has been going on since early September.

The army said Col. Phillips has been ordered home from London where he has been awaiting orders while diplomatic negotiations continued. He will be posted to an other job on his return.

U.K. Parliament Meet Seen Likely

Two Main Bills Likely To Be Included In Labor Legislation

By Glen Williams

LONDON, Oct. 30.—(AP)—A new session of parliament begins Tuesday and it's likely to contain a lot of electioneering with controversial legislation.

Consent close to the labor administration think the legislation aimed at the voters—see they were a year ago—preventing the February election.

Speculation about state ownership of part of the sugar industry suggests a pattern which Morrison and other moderates in the parliament have advocated: Government competition with monopolies.

The state ownership plan, these moderates say, will be limited to British produced beet sugar, which amounts to about one quarter of the sugar refined in this country.

City, Country Folk To Meet This Winter

City and country folk are going to get together more often this winter.

Agricultural committee of the Junior Chamber of Commerce decided last night to encourage city members to visit rural functions "to get a better appreciation of rural life."

Plans were also made for city members to invite farm members to their homes.

Committee members saw Dick Bailey, Claver Bay; Glen Standfield, South Edmonton; Bob Stanton, West Edmonton; Arnold Wetman, P. J. Wawchuk and Don Clayton, Edmonton.

Chest Drive Hits \$136,801 Mark

Community Chest receipts over the weekend totaled \$10,023. This brings the grand total up to \$136,801, well over the three-quarter mark of the \$175,000 objective.

The Canadian Family owes much to . . . Poland

A Tribute from Calvert to Canadians of Polish Descent

The great Canadian Family is comprised of peoples of various racial origins. From the blending of the cultural heritages brought from these many lands, Canada derives much of her strength and vitality.

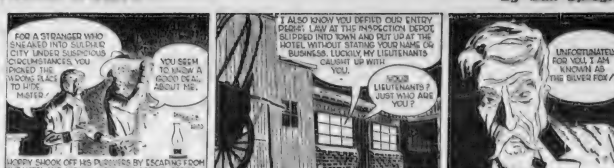

The tragic history of Poland, once the largest and most powerful state in Europe, has resulted in the migration of tens of thousands of Poles to Canada, seeking freedom and security. Unquenched by centuries of oppression, they have retained an individuality,

all the more notable, now that they have attained that freedom here. The Poles, with their innate love of music, have produced such famous musicians as Chopin and Paderewski. Their engineering skill was personified in Casimir Stanislaus Growski, who engineered the original International Bridge at Niagara. In addition they have given Canada some of her best lawyers, doctors, farmers and teachers, contributing much to Canada's progress.

Calvert DISTILLERS (Canada) Limited
ANNISTON, ONTARIO

Calvert, head of the famous Calvert family, founded Canada's first colony at Newfoundland in 1622. Calvert's ideals of democracy, ideals which were perpetuated by his descendants, helped set the pattern for the freedom we now enjoy.

JACOBY on Canasta

If your side has not melted previously you must meet two requirements if you wish to take the discard pile for your initial meld. The first requirement is a simple one. You must hold in your hand a natural pair that matches the top card and you must combine your play of taking the pile by placing this pair on the table. The second is a little more complicated. You must be able to produce a certain minimum count. This minimum depends on your score at the beginning of the hand. If your score is 3000 or more you must have 150 points, if it is less than 1500 at least 50, while if your score is minus you need no minimum.

These figures are minimums and you may exceed them as much as you wish.

In melding the minimum you are entitled to place as many different melds on the table as you wish and count the top card of the discard pile if necessary. You are not entitled to count or use any other cards in the pile as part of your initial meld.

Here is an example of taking the discard pile properly. Among the cards in your hand you have a Joker, two aces and three eights. An eight is discarded to you. If you need 120 you must put down the Joker and the two aces and either two or three of your eights. Only two are necessary since the Joker and ace will count sixty and two eights from the discard pile will count thirty more.

If you need ninety only, you can still need everything or if you prefer you may put down the Joker and three eights only. This will count eighty and adding the count

Banker Heads Group FAIRVIEW, Oct. 30—J. H. Menzies, manager of the Royal Bank, was elected president of Fairview Community Arena for 1951, at a recent meeting.

H. Nicholson agreed to remain as secretary-treasurer, and J. Smart was named arena manager.

of the eight in the discard pile will give ninety. Needing fifty you must use the Joker but need use two eights from your hand only, while if your score is minus all you must do is put down a couple of eights.

You are not allowed to make the following play: You need fifty and hold three aces, a seven and a deuce. A seven is discarded and you put down the three aces saying "There's my count. Now I am going to take the pile with the deuce and the seven."

"It's a good try but not allowed. You must have a natural pair in order to take the pile with the deuce and the seven."

IN CONTRAST to gaiety of many parties, J. H. Menzies, manager of the Royal Bank, was elected president of Fairview Community Arena for 1951, at a recent meeting.

200 Sleeping Pills Fail To Kill Man MONTREAL, Oct. 30—(CP)—Albert Belanger, 57, yesterday was awakened in hospital from slumber that lasted all weekend after he had swallowed 200 sleeping pills. Belanger was arrested Saturday on four charges of indecency and was held in custody in court Saturday. At the time of his arrest he was eating "ready" that later turned out to be sleeping pills.

U.K. Will Build Seven U.S. Tankers LONDON, Oct. 30—(AP)—British Vickers-Armstrong shipyard at Walker-On-Tyne will start work on the first of seven big U.S. tankers next March. It was announced Saturday. The order for the seven vessels, ranging from 21,000 to 23,000 tons, was placed by the North American Shipping and Trading Company of New York.

The Alaska Journal gold mine in Alaska produced 12,000 tons of ore in one day.

SECOND VOTE FOR RIMBEY

RIMBEY, Oct. 30—Rimbeey ratepayers will go to the polls Nov. 2 to vote a second time on whether water and sewage systems are to be installed in Rimbeey.

A second vote is necessary as the first vote, taken on August 24, was discounted because it had been taken before all bylaw advertising requirements had been complied with.

The first vote showed Rimbeey ratepayers to be in favor of the bylaws. Vote showed 133 for and 38 against the proposed system.

At July 1, 1950, industrial employment and industrial earnings reached an all-time high in Canada. Average weekly earnings moved up to \$43.00 from \$42.00 the year previously.

Confesses At X-Ray Threat

KNOXVILLE, Tenn.—(UP)—An X-ray machine brought a confession from a bogus-check writer. A 30-year-old suspect, confined while he had checks when Saturday night he could be identified by X-rays of a metal ring embedded in his shoulder.

One of the bad checks, which totaled about \$80, was given to a doctor to pay on an examination. The physician took X-rays which showed the ring in the suspect's shoulder.

When told he would be X-rayed again for identification, the suspect confessed.

Top Chinese Dead

SAN FRANCISCO, Oct. 30—(AP)—The death of one of Communist China's top leaders was announced Saturday by radio Peking. He was Kuo-sheng Chen, secretary of the Central Committee Secretariat of the Communist Party of China.

BLACK DIAMOND COWBOY WINS

BOSTON, Oct. 30—(CP)—The Brahma bull riding event at the 13th annual world's championship rodeo in Boston Gardens was won Saturday night by an Alberta cowboy, Will Gerits of Black Diamond.

Gold Coast Congress Planned In Africa

ACCRA, Gold Coast, Oct. 30—(Reuters)—Chiefs and other representatives from the Gold Coast, Ashanti, Southern Togoland and Northern Territories Saturday agreed unanimously to form a Gold Coast National Congress, which will arrive for the Territories' self-government. The congress will be inaugurated Dec. 19.

Between 1901 and 1949 the mileage of railroads in operation in Canada increased from 18,140 to 14,200.
